## Editorial

Friends and Colleagues,

Last few months have been very difficult and challenging for all. Even for BMA things have not been easy, with the given conditions and the lock down all our plans went topsy-turvy. Many programmes which had been lined up had to be cancelled. Much planning and efforts went to waste, but our spirits remained high. Coping with the circumstances some events including FETs were held online.

The annual election process too was affected and delayed, but with the efforts of a dedicated team, the schedule was completed and a new team was elected in a fair and just manner. Meet here the new Office Bearers and elected members of the Managing Committee for the year 2020-2021.

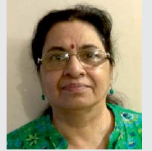

Since January this year the one thing that has made news headline is COVID 19.

The whole world is struggling to find a cure and a vaccine..... Some say it is a bacteria, others say its a virus, another version is that it has come to us from bats and snakes ..... whatever it is and wherever it has come from (read China) it is sinister to say the least. With so many lives lost to this deadly disease! Read in this issue, how this has impacted our lives.

So this is the last issue for this year and I shall bid adieu to you all.

My best wishes to the newly elected team for a successful year ahead.

Sincerely,

Malti Gaekwad
